

parkrun Global Event Facilities Policy

Policy / Procedure	Event Facilities Policy
Applicable to:	parkrun Global Ltd and all its subsidiaries and other entities in the parkrun Global movement
Version	1
Classification	Public
Owner	Legal & Governance
Approver	Head of Legal & Governance
Date of Adoption	July 2026
Date of last review	July 2026
Date of next review:	July 2029

1. Introduction

This policy sets out parkrun's approach to the use of facilities at event locations.

2. Scope

This Facilities Policy is a global policy, and applies across all countries in which parkrun operates.

3. Facilities

For both safeguarding and health & safety reasons, it is important that events do not ever provide or manage toilets, showers, changing rooms, or any other indoor facilities.

Facilities such as these may be available to parkruns; however, it is important that event teams understand that they must always be used at people's own risk.

Teams must not be responsible for their use or cleaning and must not provide any parkrun branded signage or in any way suggest the facilities are a parkrun-provided or managed facility.

A key may be held to unlock (and lock again) toilets in a park that is used in circumstances where park staff cannot open them early enough, but it must be clearly understood that at no time is parkrun responsible for maintaining or in any way managing these facilities.

4. Review

This Policy shall be reviewed periodically - every three years at least - to evaluate its effectiveness and implementation, taking advice from external specialist advisers where appropriate. Any improvements identified will be implemented as soon as practicable.
